

FUNSTON IN CHARGE AS BORDER BATTLE CONTINUED ALL DAY

VILLA FAILED TO TAKE CARRANZA STRONGHOLD IN ALL NIGHT FIGHT.

BULLETS FELL IN U.S. TRENCHES

No Effort Made To Return the Fire, However—Eight Americans Were Hurt.

(Associated Press)

Douglas, Ariz., Nov. 2.—Villa's army failed in its storm on Agua Prieta last night, but undoubtedly did much damage and a big fire was started in the city. The Villa attack was repulsed and many dead were left near the Carranza trenches, according to General Calles, who reported his own losses at 45 dead, 75 wounded and 2 missing. Bullets fell in all parts of Douglas and the trenches of the American army were plentifully sprinkled with lead, but no attempt was made to return the fire.

Eight persons, four of whom were soldiers and one a letter carrier on the American side of the line were wounded.

Battled All Night.

The battle continued from yesterday afternoon until 5 o'clock this morning, when the Villa forces drew off. Not much damage was done to the Carranza defenses, although many of the buildings of the city were damaged, and Douglas trembled under the vibrations of the artillery.

Villa resumed his bombardment again this morning, but at 9 o'clock the firing had practically ceased. Villa will again attempt to take the city this afternoon.

General Funston, U. S. A., arrived in Douglas this morning and took command of the American forces.

Guns Sweep City

At noon Villa's machine guns began sweeping the center of Agua Prieta. It is reported that seventy-five women and children have been killed or wounded in that city.

Washington, Nov. 2.—General Funston has taken command of the United States forces assembled at Douglas, Ariz., at which place he has just arrived.

Information has reached the government that General Villa is preparing to attack the American troops at that point.

General Funston is authorized to protect American property and resist aggression.

Fire on Custom House.

Douglas, Ariz., Nov. 2.—The battle of Agua Prieta began at 1:37 o'clock Monday afternoon, when guns of the Carranza army opened upon the rapidly advancing Villa forces.

Bullets soon began to fly across the United States line into Douglas.

L. F. Taylor, an American, was shot through the back by a machine gun bullet at the United States custom house. The machine guns were peppering the United States custom house at the time.

Taylor was taken to the American field hospital.

His spine was struck by the bullet, according to the American surgeon who made an examination. If not fatally wounded Taylor will be a cripple for life, it was said.

Fire on Custom House.

The machine gun fire on the custom house began at 3:40. At least thirty bullets sped among a throng of soldiers and Mexican women refugees who were passing toward the concentration camp on the American side.

SITE OF WATER TANK IN AMBOY QUICKSAND

MEETING OF TAXPAYERS TO BE HELD THIS EVENING—MAY MAKE CHANGE.

Amboy, Nov. 8.—A meeting of taxpayers of Amboy will be held at the city hall this evening to consider the location of the new city water tower and tank. The site selected has proved to be quicksand, which will prevent the erection of the tower there unless expensive excavation to firm foundation is made, incurring an additional cost of \$1,000. The question of selecting a new site will therefore be discussed this evening. The contract for the erection of the tank and tower has already been let to the Chicago Bridge & Iron Works for \$3,930.

Commissioners Ordered By Court To Clean Laterals

Judge Farrand Grants Injunction Sought By Late Property Owners

The writ of mandamus asked by land owners in the Union drainage district No. 1 of Harmon and Marion to compel the commissioners to levy an assessment to provide funds to clean out clogged laterals was granted by Judge Farrand in the circuit court late Monday afternoon. It was now necessary to prepare an assessment roll and present it to the county court asking for its confirmation.

The work shown by the docket is as follows:

Anna E. Boucher vs. Frank Boucher, divorce. Defendant called and defaulted on service.

A. C. Bardwell vs. Lizzie Maloney. Special master-in-chancery directed to take and report proofs and findings under the supplemental bill together with his findings on original bill.

Otto Frey vs. George Garlick. Motion for new trial petitioned by defendant heard.

Wm. J. Kane vs. W. H. Flemming. Motion for new trial petitioned by the plaintiff heard.

MILITIAMEN TO PLAY GAMES OF WARFARE

SAND BOX ADDED TO COMPANY G'S EQUIPMENT BY OFFICERS

DRILLS PLACED ON NEW BASIS

Through the efforts of First Lieutenant C. G. Preston the drills of Company G, which are held each Tuesday evening, have been put on a new basis and are proving of much more interest to the militiamen. He has made each one of the non-commissioned officers a committee of one to bring at least one private to drill, and each of the interested and faithful privates in turn asked to go out "into the highways and hedges" and bring in another member. In this way the attendance at the drills is being steadily increased and the interest of the members is being enhanced.

Additional interest is being brought about by the introduction of war games each drill night. A huge sand box, which permits laying out military positions, etc., the erection of wire entanglements, placing of batteries of artillery, digging trenches, etc., enables the militiamen to play some highly interesting and decidedly instructive games. Added to this the men are taught the problems which are being faced and solved by the military experts in the great European war, and several books by competent military observers have been secured.

This evening, following the drill, a "mess" will be served; while on some subsequent evening a game of indoor baseball is planned. It is the hope of the officers of the company to make it the most interesting thing in the lives of its members, and to also make it the best company in the state guard.

BIG COON HUNT ON TONIGHT

Party of Dixonites Will Spend Night In Woods East of City.

A party of Dixonites will spend the night hunting coons in the timber along Rock river east of Dixon, under the leadership of Gene Harrington and Representative John Devine. THREE GUN TURRETS AND ANTI-AIRCRAFT WEAPONS FEATURES OF THE NEVADA.

U.S.S. NEVADA (NOTE THREE GUNS IN TURRET) &

(The battleship Nevada, latest and greatest of American warcraft afloat, has been sent to the New York navy yard for preparation for her trial trips. The gun arrangement on the Nevada marks an entirely new departure in American battleship armament. In all of the vessels that have been built heretofore the guns of the main batteries have been placed two to a turret. In the Nevada the ten guns are mounted in four turrets. In turrets 2 and 3 there are two guns, and in the other two turrets, the extreme forward one and the extreme aft one, there are three guns. The three guns to a turret arrangement is of French origin. Another interesting feature in the armament of the Nevada is the anti-aircraft battery of four high angle three-inch guns. Two of these guns are mounted forward on the main deck, one on either side. The other two are to be mounted on top of turret 2, just aft of the second of the lattice work masts, forward of the aft three gun turret. The next most interesting feature of the Nevada is the fact that she will be the first dreadnought which will burn oil exclusively. Her great oil tanks have a capacity of nearly 90,000 gallons of fuel.)

SUFFRAGE ISSUE IN MANY STATES TODAY

WOMEN FIGHTING FOR BALLOT AT GENERAL ELECTIONS TODAY.

OTHER ISSUES IN SOME STATES

(Associated Press)

Chief interest in the state elections in ten states today appeared to center on the propositions of granting suffrage to women submitted to the voters of New York, Pennsylvania, Massachusetts, Maryland and Kentucky, and also in the balloting for governor and other state officers.

Statewide prohibition is a feature of the Ohio election and other state issues are before the people of New Jersey, Michigan, Virginia and Mississippi. County commissioners are to be elected in 17 counties in southern Illinois.

In New York City there were 6000 women watched at the polls. In New Jersey the electors will vote for six state senators and for the entire membership of the lower house. President Wilson went to New Jersey to cast his ballot.

Detroit is voting on a proposition to purchase the street railway, and representatives of the National Detective agency, engaged by the Honest Voters league, are at work at every precinct polling place.

Two dry and a dozen wet towns in southern Illinois are voting on the liquor question.

CIRCUS TO PASS THRU DIXON

Ringling Bros. To Go North Over I. C. Tomorrow.

Ringling Bros.' circus trains will pass through Dixon Wednesday morning shortly after 10 o'clock enroute to winter quarters at Baraboo, Wis. They closed the season at Memphis, Tenn., Monday and are traveling over the Illinois Central road as far as Freeport and from there take the C. & N. W. to Baraboo. The closest the circus showed to Dixon this season was at Mendota, in July.

Mrs. Kersten and daughter of Ashton were in Dixon shopping today.

Miss Hammond of Lanark is working at the I. N. U. for a short time.

CITY OFFICIALS IN ANNUAL CONVENTION

ILLINOIS MUNICIPAL LEAGUE MET AT CHAMPAIGN THIS AFTERNOON.

(Associated Press)

Champaign, Ill., Nov. 2.—Some 50 mayors of Illinois and city officials from all parts of the state were here today to attend the second annual convention of the Illinois Municipal League, formerly known as the Illinois Mayors' association. The convention was to open this afternoon at the University of Illinois and continue over Wednesday. Public utilities, health and welfare work and engineering problems of the towns are to be considered by the convention.

W. W. Bennett, mayor of Rockford, is president of the association. He was to respond to the welcoming address of President Edmund James of the University this afternoon and then deliver the annual president's address to the association. University of Illinois faculty members were then to take the floor for the following discussion:

"Modern street lighting and its relation to auto headlights," by Morgan Brooks, professor of electrical engineering; "The city and local utilities," by R. E. Heilman, assistant professor of Economics; "Business men and municipal affairs," by R. E. Heilman, community adviser of the university.

After the appointment of committees and other routine work the delegates to the convention are to visit municipal and university buildings. An informal smoker has been arranged for this evening.

May Require Lead Pipe Used Under Pavements Here

City Council Discussed Measure To Protect Pavements Of Dixon

The meeting of the city council this morning was brief and beside allowing monthly bills in the sum of \$2,746.27, there was nothing presented for action. There was talk of having an ordinance prepared requiring all water connections made in the future on paved streets to be made with lead instead of galvanized pipe, as in other cities in this section of the state. On several streets paved within a year or so the streets have been torn up because of leaks in water pipes. Much of the galvanized pipe has been so poor that it has not lasted many years, and when high pressure has been put on at the pumping station breaks have shown up in the pipe. After a paved street is torn up it is difficult to get it in shape again, as is readily noticed in traveling over the streets in various sections of the city.

HIGH WIND PREVENTED ROOF WORK ON MONDAY

CARPENTERS UNABLE TO CON- TINUE SHINGLING BAPTIST CHURCH

DECORATING FIRM IS AT WORK

The carpents, who are putting on the new shingle roof at the First Baptist church, worked under great difficulty yesterday, on account of a strong wind. They put up a brave fight against the gale in the forenoon, but they had to discontinue work about 3 o'clock in the afternoon. One man put a big bundle of shingles on the steep roof when he went to dinner and on returning he found that the shingles had played the airship stunt.

A number of volunteer workers gathered at the church yesterday and took up the auditorium carpet, and carried the chairs, books and cushions down stairs and had every thing in readiness for the decorating company in the afternoon.

The firm of Wentworth & Kester of Clinton, Ia., is doing the work. The auditorium will be decorated in panel work, done in oil. Three colors will be beautifully blended, ivory, cream and tan. The walls of the auditorium will present quite a marked contrast to the old color scheme, which was used in 1899 when the interior was last decorated. R. J. Slothower & Son are doing the tin and meat work about the belfry and putting in new spouting for the entire building. It is estimated that two or three weeks will be required to complete the work on the church, and the Sunday services will be held in the basement of the church in the meantime.

Freeport Bullet: P. B. and William Wragg of Dixon spent yesterday with their nephew and niece, Mr. and Mrs. W. R. McLeis and their sister-in-law, Mrs. Alice Rieger. They left last evening for a three months' trip to the Panama exposition and also to visit in Minnesota, Texas, Mexico and Louisiana.

Buy It Now

The way to make money is to put it into circulation. Circulation means prosperity. Stagnation means ruin. The people are going to buy more farm stuff when they earn more money with which to buy it. You can help them earn more if you spend your own money now for the things you need. It's very simple.

FINDS CONVEYANCE OF SWARTZ'S FARM FRAUDULENT DEAL

SPECIAL MASTER HANNEKEN FILES REPORT IN INTER- ESTING CASE.

TO DEFRAUD HARRY PETERSON

Master Says Deal Was Made To Prevent the Execution of Judgment.

That the conveyance of the Daniel Swartz farm in Harmon township Oct. 7, 1912 from Daniel Swartz to George W. Swartz was not real, but was a mere sham, and was made with the intention of defrauding Harry L. Peterson out of his just demands, \$1,482.20, judgment held by Mr. Peterson against Daniel Swartz, is the finding of Special Master in Chancery A. H. Hanneken, whose report in the case was filed in the Lee county circuit court today.

The attorneys for the defendants have filed a bill of exceptions to the findings of the special master, which will be argued before Judge Farrand at his earliest convenience.

Attracted Interest.

The case has attracted a great deal of attention in Lee and Whiteside counties, and the employment of a woman detective who gained Daniel Swartz' confidence and, it is alleged, learned many details of the transaction, added to the public interest.

The special master finds that on October 7, 1912, Daniel Swartz conveyed to his son, George Swartz, his farm in Harmon township for an expressed consideration of \$12,800, and that at the time of the execution of warranty deed no part of the expressed consideration of \$12,800 was paid in money by George Swartz, but that he executed seven promissory notes, none of which were secured in any way.

Indebted to Peterson.

The special master further finds that at the time of the transaction Daniel Swartz was indebted to Harry L. Peterson to the amount of \$1,482.20, and that the indebtedness was known to Daniel Swartz and his son, George. On February 12, 1914, Peterson secured a judgment in the circuit court of Whiteside county against Daniel Swartz for the amount of his claim, but the execution was returned by Deputy Sheriff Giffrow with the notation that no property owned by Daniel Swartz could be found.

Section 7 of the special master's report conveys the pith of his findings: "That the said conveyance from said Daniel Swartz to the said George W. Swartz was not real, but was a mere sham, and made with the intention of defrauding the complainant, Harry L. Peterson, out of his just demands; that the notes constituting the purchase price and consideration in said deed of conveyance were a mere sham, and were not an actual and bona fide valuable consideration; that said premises are now held by the said George W. Swartz in trust for the said Daniel Swartz, and for his use and benefit and for the purpose of preventing a levy and sale of said premises under and by virtue of an execution."

Trust Co. Absolved.

Special Master Hanneken finds that the Mercantile Trust & Loan Co. of Chicago, to whom George Swartz has since mortgaged the farm for \$5,900, was not a party to the fraudulent transaction.

The master reaches the following conclusions of law:

That the court has jurisdiction of the parties and subject matter in this suit.

That the deed of warranty executed by the defendant, Daniel Swartz, to the defendant, George W. Swartz, bearing date of Oct. 7, 1912, be set aside, vacated, and declared null and void.

That the defendants pay the costs of this proceedings.

That the complainant, Harry L. Peterson, is entitled to a decree in substantial accordance with the above findings and conclusions.

GERMAN DEATH LOSS HEAVY

80 Per Cent of Seven Battalions Are Killed About Loos.

London, Nov. 2.—Sir John French, commander in chief of the French forces in France, on Friday, Oct. 29, heavily bombarded the enemy in the area east of Ypres. The weather prevented other artillery activity. Mining operations continue on both sides.

The returns show that seven German battalions have been lost, 80 per cent of the men being killed in the fighting about Loos.

Two Are Killed in Race Riot. Potomac, Miss., Nov. 2.—Two negroes were killed and three were wounded here by officers who fired shotguns into a negro mob to quell an incipient race riot. DUCK HUNTING.

Early in the spring the wild duck leaves the south for the summer resort on Hudson's Bay and as he flies northward life is one long Fourth of July for him. What with dodging chilled shot and yawning gun muzzles he rarely has a chance to enjoy the scenery for so much as a minute at a time.

Duck hunting is a favorite athletic sport in America. The game of golf is supposed to have a firm grip on its victims, but a golfer is fickle and unenthusiastic beside a duck hunter. When the weather gets nasty and the cold wind roars wickedly, a duck hunter will leave a cozy club corner, an evening with his fiancée, a winning hand at poker, a wheat squeeze in which he is the squeezer or a bulletin board of the world's championship series in order to be present at sunrise in a swamp waiting to be attacked by a wild duck.

To enjoy duck hunting in its prime, the hunter must first select a day on which the Humane society wouldn't allow a dog to be kept out of doors. He should then dress himself in canvas clothes, put on twenty-pound hip boots, put forty pounds of ammunition

Supposed St. Louisan Beaten to Death by Club.

East St. Louis, Ill., Nov. 2.—The body of a man about twenty-one years old was found in an alley in Madison, Ill. The back of the man's skull had been crushed and a bloodstained club was found near the body.

The Madison police say they have learned the man's name was Stephen Feier and that he was a resident of St. Louis. The name does not appear in the St. Louis city directory, it is reported.

HERE'S NEW VIGOR FOR OVERWORKED STOMACHS

Rowland Bros., the popular druggists, have been in the drug business long enough to have their own opinion on the best way of selling medicines. They say the plan adopted by Mi-o-na, the great dyspepsia remedy, is the fairest they have ever heard of. They don't believe that a medicine ought to be paid for unless it does the user some good. And Mi-o-na is sold under a positive guarantee to relieve dyspepsia or to refund the money. You simply leave 50 cents on deposit with Rowland Bros. and if you have used the box of Mi-o-na you decide that it has done you no good, all you have to do is to tell them so and they will refund your money.

Hundreds of people have been relieved of stomach agonies by using this remarkable remedy. It is not simply a food digester; it is a medicine

that puts all of the digestive organs into normal condition and gives ruddy, glowing, vigorous health. A change for the better will be seen after the first few doses of Mi-o-na and its continued use will soon give the power to eat anything at any time and not suffer distress afterward. Use Mi-o-na and see how much good there is in it.

PRINCESS THEATRE.

Tonight's feature at the Princess is entitled "The Spirit of Audobon," a Thansouer drama with Helen Badgley and Leland Benham in the leading roles. This is a delightful drama of bird life splendidly portrayed by Helen Badgley and Leland Benham.

The other pictures are an American drama, "The Sting of It," with Ed. Coxen and Winifred Greenwood in the leading roles, a story in which love clouded by the shadows of a past tragedy at last is cleared; and a cub comedy entitled "A Change of Luck" with George Ovey, the funniest man in America, in the leading role.

"This stone is covered with hieroglyphics," explained the curator.

"Why didn't they have the board of health exterminate them?" asked a woman from upstate.

RESERVATION CHART TO OPEN

Many Will Check Seats Tomorrow For Entire Course.

The reservation chart for the entire course of entertainments to be given in this city during the winter season by the Dixon Lyceum association will open tomorrow morning at 8 o'clock at the Y. M. C. A. building. Persons wishing to reserve their seats for the entire course may do so at this time and from the large number of inquiries it is evident that many expect to take advantage of this privilege. The chart for the single reservation for the Alice Neilsen concert for Thursday night will be open Thursday at the building.

BRITISH FINANCIAL SITUATION IS SERIOUS

(Continued from Page 1)

Tentons Repulsed

In the center of the northern battle line the Austro-Germans have been repulsed with great losses, according to the Serbian war office; and the Montegrins claim to be holding the Austrians.

Favorable To Entente

The attitude of Greece and Roumania is becoming more favorable to the entente allies, according to Balkan advices.

Violent Artillery Duels

Constantinople reports violent artillery duels on the Dardanelles front.

Situation Is Serious

Premier Asquith announced today that 1,000,000 are now under command of General French, commander-in-chief of the British troops; that the total casualties in France and Flanders is 377,000; that the Germans have not gained a net foot since April; that the financial situation is serious; and that it is believed conscription will not be necessary.

Turkish Campaign.

Referring to the Turkish campaign, Asquith said British submarines had sunk or damaged two battleships, five gunboats, eight transports and 229 supply vessels.

The premie accepted his full share of responsibility for the first attack on the Dardanelles, which failed with the loss of several capital ships, but he asserted he was confident the allies will triumph and that he would not shift the responsibility from his shoulders were he able to do so, as long as he enjoyed health and the confidence of the king and people.

It All Depends.

When James A. Garfield was president of Oberlin college, a man brought for entrance as a student his son, for whom he wished a shorter course than the regular one.

"The boy can never take all that in," said the father. "He wants to get through quicker. Can you arrange it for him?"

"Oh, yes," said Mr. Garfield. "He can take a short course; it all depends on what you want of him. When God wants to make an oak He takes a hundred years, but He takes only two months to make a squash."

A Shrewd Old Man.

"You're an old married man. What do you do when your wife begins to scold?"

"Encourage her. I talk back—discreetly, of course. I say tantalizing things, make foolish excuses. I stammer and get husky."

"But doesn't that make her a good deal madder?"

"Of course it does. That's the intention. I want her to get so mad that she won't have any voice left to ask me for money."

"Gee, I wonder if I'll ever get as hardened as that?"

A Generous Offer.

A family living in South Chicago found a good deal of cream on a bottle of milk which had been standing over night and when the driver called in the morning the pleased servant held it up to the light and said: "Look here, I have never seen anything like this before on your milk."

The man looked at it for a moment, scratched his head and replied: "Well, I don't know what's the matter, but you can throw it out and I'll give you a fresh bottle in its place."

Specialization.

"Are you willing to work?"

"Yes," replied Plodding Pete. "But I've got to know what I'm expected to do before I start."

"There's an ax and a woodpile right in front of you."

"Dat's fine. I'm a watchman by profession. For a couple of sandwiches and a cup of coffee I'll sit here all afternoon an' see dat nobody steals 'em."

HERMAN RIDDER, HEAD STAATS ZEITUNG, DIES

Bright's Disease Takes Away Noted German Propagandist.

New York, Nov. 2.—Herman Ridder, president and principal owner of the Staats Zeitung, and a leader of the German propaganda in the United States, died at his home here after suffering for almost a year from Bright's disease.

During the past two weeks Mr. Ridder's condition had been such that his death was expected at any time. As long ago as the gubernatorial campaign of last year, when the editor went to Elmira to speak in advocacy of the retention in office of the then Governor Glynn, Mr. Ridder's advancing illness was apparent. Ten months ago his physicians realized that there was next to no hope of his recovery.

Mrs. Ridder, who was a sister of the late Justice Amend of the supreme court, was with her husband when he died. At the bedside also were Mr. Ridder's three sons—Victor F., Bernard H., and Jos. E. Ridder, and Mr. Ridder's brother, Henry, together with the Rev. Father Thomas F. Myhan and the Rev. Dr. A. B. Stuart-Chambers.

Mr. and Mrs. Stephen Pankhurst of Oregon, who have been guests of Miss Mary Pankhurst, returned to their home yesterday.

IS DRAFTING DEFENSE BILLS

Senator Chamberlain Confers With Secretary of War on Subject.

Washington, Nov. 2.—Arrangements were made by Senator Chamberlain chairman of the senate military affairs committee, to begin drafting immediately the series of bills which will be introduced at the opening of congress to carry out the army's part of the administration's national defense program.

The senator conferred with Secretary Garrison, who promised that of officials of the war department would give every possible aid in preparing the measures.

PRESIDENT "QUIETS SPECULATION" AGAIN

To Wed at Bride's Home Near End of December.

Washington, Nov. 2.—It is formally announced at the white house that the marriage of President Wilson and Mrs. Norman Galt will take place "near the close of December," and that it will be private at Mrs. Galt's home here.

This statement was issued by Secretary Tumulty.

"In order to quiet speculation, President Wilson and Mrs. Norman Galt today authorize the announcement that their marriage will take place near the close of December. Their plans are for a very simple ceremony. It will be quietly performed at Mrs. Galt's residence. No invitations will be issued, and it is expected that the only guests will be the members of the two families."

ODD ACCIDENT KILLS MAN

Revolver Falls from Shelf Fatally Wounding Aged Indian.

Elwood, Ind., Nov. 2.—Robert McCaskey, seventy-five years old, died from a bullet wound suffered Friday evening when a revolver fell from a clock shelf in the living room of his home here, struck a chair and was discharged at the instant the barrel was pointed at him. McCaskey was standing at a window when his son thoughtlessly threw a book to the shelf, knocking the revolver to the floor.

The bullet passed entirely through the body of the aged man. McCaskey was a brother of Harve McCaskey, prominent in Grant county politics for years.

BODY OF PASTOR IS FOUND

Pioneer Lutheran Minister Had Wandered to Banks of Mississippi.

Prescott, Wis., Nov. 2.—When a posse of searchers found the body of the Rev. Jacob Schadege, pioneer Lutheran minister here on the banks of the Mississippi River it only deepened the mystery that surrounded his disappearance. No clues as to how he came to his death have been found.

His congregation faithfully gathered Sunday, and after waiting for him decided to visit his home. Breaking into his house, which he occupied alone, they found no trace of him and started the search. He had been a minister in this vicinity for fifty years.

Arizona Alien Labor Law Void.

Washington, Nov. 2.—The "alien labor law" adopted by Arizona under an initiative petition, providing that an employer of more than five persons must employ 80 per cent qualified electors or native-born citizens, was declared unconstitutional in the supreme court.

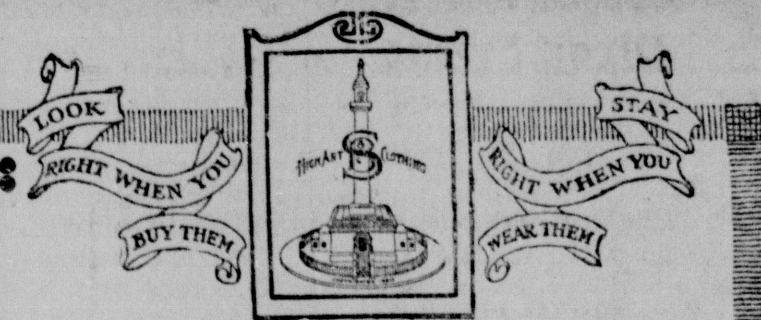

China Rejects Outside Proposals.

Peking, Nov. 2.—The Chinese government rejected the proposals of Japan, Great Britain and Russia for postponement of the decision whether a monarchical form of government is to be re-established.

No. 173, Series of 1915.

NOTICE TO CONTRACTORS.

Sealed proposals addressed to the Board of Local Improvements and the Council of the City of Dixon, Illinois, and endorsed, Proposals for the furnishing of the labor and materials for and the construction of vitrified tile pipe sewer, for sanitary purposes, with manholes, house connection laterals and flushing tank in Ottawa Avenue in the City of Dixon, Lee County, Illinois, as provided for in Local Improvement Ordinance Number 173, Series of 1915, of said City of Dixon will be received by the Board of Local Improvements and the Council of the City of Dixon, Lee County, Illinois, at the City Clerk's Office in the City of Dixon, until ten o'clock in the forenoon, on Tuesday, the 9th day of November, A. D. 1915, and will be publicly opened by the Mayor of said City of Dixon, (who is the President of the Board of Local Improvements) at a joint meeting of said Council and Board of Local Improvements to be held in the Council Chamber in the City Hall in said City of Dixon at ten o'clock in the forenoon of said day.

Said bids shall be opened by the Mayor in the presence of a majority of the Council and shall remain on file in the Mayor's office and be open to public inspection for at least forty-eight hours, before an award of said contract is made to any competitive bidder. After the expiration of forty-eight hours, as stated above, said Council and Board of Local Improvements shall meet in joint session and determine the most advantageous bid for the City and publicly declare the same.

The work for which the said tenders are invited is the construction of 825.5 cubic yards of excavation; 333 cubic yards of probable rock excavation, extra; 960 linear feet of 8" sewer pipe laid; 576 linear feet of 6" house connection pipe, laid; 2 manholes, 3' inside, with cast iron covers and iron steps; complete; 1 flushing tank with cast iron top, flushing siphon, feed pipe with automatic cock and iron steps inside and outside lamphole as provided for in Local Improvement Ordinance No. 173, Series of 1915 of the City of Dixon, Illinois.

Each bid for this improvement must be accompanied by certified check or cash for an amount not less than ten per cent of the aggregate of such proposals. All certified checks must be drawn on some responsible bank and must be payable to the order of the President of the Board of Local Improvements in his official capacity. No bids will be considered unless accompanied by such certified check or cash.

Said cash or certified checks will be held by said Board of Local Improvements until all the bids have been canvassed and the contract has been awarded and signed. The return of such check or cash to the successful bidder being conditioned upon his appearance within fifteen (15) days after having been notified of the award having been made to him or them accompanied by his or their bondsmen and executing a contract with said Board of Local Improvements for the completion of the work so awarded and giving a bond satisfactory to the Board of Local Improvements and Council of the City of Dixon.

A bond of Three Thousand Dollars will be required conditioned for the fulfillment of the contract in accordance with the ordinance and specifications and to the satisfaction of the said Board of Local Improvements and Council of the City of Dixon.

All proposals must be made on blanks, which will be furnished bidders at said City Clerk's Office.

Payment for the work for which said tenders are invited is to be made in cash or bonds, payable when the contract is completed and the work accepted by the Board of Local Improvements and Council of the City of Dixon, bonds to draw interest at five per centum. No bids will be considered unless the party making it shall furnish evidence satisfactory to said Board of Local Improvements and Council of the City of Dixon of his experience and ability in this class of work and that he can control sufficient capital to enable him to successfully prosecute the same in case the contract shall be awarded to him.

Bidders will examine the ordinance, maps, plats, plans, profiles and specifications and also the locality in which said work is to be done and judge for themselves of all the circumstances and surrounding conditions affecting the cost and nature of the work. Specifications for said work are on file in the Mayor's office, and may also be seen at the Office of the City Clerk in the City of Dixon, from and after this date.

The person to whom the contract for the construction of said improvement is awarded, shall, before the commencement of work under such contract, provide ample, suitable and valid insurance policies to provide against and pay all claims for injury

to persons or property arising under the laws of the State of Illinois, in the prosecution and construction of said work.

The Council and Board of Local Improvements reserve the right to reject any and all bids.

Dated at Dixon, Illinois, this 27th day of October, A. D. 1915.

Signed, THE COUNCIL AND BOARD OF LOCAL IMPROVEMENTS OF THE CITY OF DIXON.

By MARK C. KELLER, Their Attorney.

ROCHELLE

Rochelle, Nov. 1.—One of the best musical programs ever heard in Rochelle was given last night in the large auditorium of the First Presbyterian church, in the pipe organ recital by Mrs. Charles H. Healy.

Mrs. Healy was assisted by Wm. Hart, of Shabbona, baritone, and Clarence Bain of Rochelle, violinist.

A crowd of 500 people who taxed the seating capacity of the church, heard the recital.

Mrs. Healy, who is a graduate of the School of Fine Arts of the University of Arkansas, and who has studied two years in addition at the New England Conservatory, Boston, played with the touch of a master.

Mrs. Healy, who has been for several seasons pipe organist of Central Presbyterian church at Fayetteville, Ark., held her audience in breathless attention.

Mr. Hart's voice was under perfect control and of pleasing range.

Mr. Bain assisted ably with selections that were exceedingly well accepted by the large audience. He is a violinist of great promise who plays with ease and finish.

MOTHER! DON'T TAKE CHANCES IF CHILD'S TONGUE IS COATED

If cross, feverish, sick, bilious, clean little liver and bowels.

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish, stomach sour.

Look at the tongue, Mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold, or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation, waste, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing," is often the first that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company."

Sterling were entertained Sunday by Mr. and Mrs. H. W. Phillips.

Mr. and Mrs. Harry Rubendall expect to move to Polo this week.

Their many friends here are sorry to have them go and wish them success in their new home.

The Halloween carnival by the Nelson school was a great success.

The decorations were of pumpkins, leaves and shocks of corn. The program of songs, recitations and musical numbers were well rendered by the children. A cafeteria lunch was served at the conclusion of the program. A neat sum was netted which will be used to buy some needed supplies for the school.

Fred Ohda and family have moved to Rock Falls, where he has obtained work in one of the factories.

Mr. and Mrs. John McCoy expect to move into the house they vacated.

August Johnson returned from an auto trip with Messrs. Ashling and Wilson to St. Paul, where they bought some cattle.

The ladies of Nelson township are invited to meet with the Social Circle to be held with Mesdames Stewart Stitzel on Tuesday, Nov. 2.

Mr. and Mrs. Ezra Dewey and family from south of Nelson were Sunday guests of Mr. and Mrs. Gus Onken.

Mrs. M. Bennett of Dixon is visiting at the Fred Coxwell home for a few days. Misses Hazel Greene of Dixon and Hazel Emmitt of the Sterling-Dixon road were Sunday guests there also.

Girl May Lose Her Prize Yet.

Aurora, Ill., Nov. 2.—Daniel Volentine, the eighteen year old student of Northwestern Military Academy, who eloped on Saturday with Miss Nora Elstad, a nineteen year old high school student of Aurora, now faces the prospect of having his marriage annulled by his guardian, Attorney T. Otto Fish of Aurora, because he gave his age at the wedding as twenty-one.

Monument to 1812 Soldiers.

Astoria, Ill., Nov. 2.—A monument has been erected on the grave of Abraham Carlock, a soldier of the war of 1812 and one of the pioneers of central Illinois. He and his two sons fought with a company of Tennessees against the British in the war of 1812, the elder Carlock taking part in the battle of New Orleans.

Illinois Farmers Celebrate.

Bloomington, Ill., Nov. 2.—With a huge corn palace as a feature a unique celebration of the record-breaking corn crop in Illinois known as "prosperity week" opened here, Professor James E. Greene of the University of Illinois addressed a large audience of farmers.

Finds Big Snake in Bed.

Makanda, Ill., Nov. 2.—A big snake was found in the bed of Postmaster George Granger. The reptile was discovered concealed between the covers by a member of the household. The snake had shed its skin, which was found in another part of the room.

Miss Hamilton's Death Confirmed.

Chicago, Nov. 2.—The death of Miss Stella Hamilton, of East St. Louis, Ill., a war nurse in France, which was reported last week from the front, has been officially confirmed here in a notice to Dr. J. B. Murphy, who aided in organizing the Illinois "unit."

More for Movies Than Schools.

Freeport, Ill., Nov. 2.—Freeport's yearly bill for "the movies" amounts to more than \$107,000 a year, or a sum equal to that required to run the city's public schools. School children during the last year spent \$7,680.40 on motion picture shows.

Closes Navy Recruiting Branch.

Peoria, Ill., Nov. 2.—J. C. Huff, gunner's mate, first-class, who has been in charge of the navy recruiting station in this city, closed the branch and departed for Keokuk, where he will open a temporary station.

Small Town Has \$100,000 Fire.

Peoria, Ill., Nov. 2.—Fire at Ipava, Ill., forty miles southwest of here, swept through the business section of the town, causing a loss of \$100,000. The flames were discovered in the Ipava department store.

A Lesson from the Past

Years ago, before baking powders were so well known, the housewife sometimes made her own from cream of tartar and soda.

These materials were then comparatively expensive and processes of refining had not been devised to bring them to the high state of purity of the present-day well known cream of tartar baking powders, such as Royal; and yet she never thought of buying alum, then as now a cheap and inferior substitute for cream of tartar. She wouldn't think of permitting an ounce of alum to enter her kitchen.

Yet housekeepers are to-day asked to buy alum baking powders with which to make food for their children.

The statement on the label affixed to every can naming the ingredients of which the baking powder is composed affords a method of protection against the use of undesirable kinds.

Duck Dinner

Mr. and Mrs. Ward Hall entertained with a duck dinner Sunday Mrs. Hall's father, Herbert Hoon, and Mr. and Mrs. Wesley Knupp.

Ghost Party

"Doomed to walk the earth" as a ghost, seemed the portion of many

a goodly Presbyterian last evening and Hamlet himself might have been very much mystified to identify any particular ghost as his father if he had been wandering about the A. A. Rowland residence last evening, where the Young Ladies Auxiliary members, their husbands and friends were gathered. In fact, the house seemed a peculiarly favored "haunt" of spirits.

Two huge jack-o-lanterns cast their weird and flickering shadows on the upper terrace as ghosts glided from the yard into the doorway of the house, and two long columns of shadowy white ghosts lined the walk as the ghosts of the men made their way into the interior regions.

Halloween sprites had been at work there transforming the rooms into fit gathering places for ghosts and goblins, and the creatures of their world, black cats and bats, and their chosen colors, black and orange, were everywhere in evidence. There, too, hung whitened, empty skulls. And then the ghosts, finding the atmosphere to their liking, flitted here and there, seeking to discover each other's past identity. Surely the hereafter will not lack for occupation if identities there are as hard to discover.

One spook, bearing the name of Bert Raymond, was able to discover nine of his former compatriots, and received a box of fit food for spirits while another ghost, said to be that of Mrs. C. P. Reid, was awarded a likeness of Cerberus for finding seven kindred spirits.

Taking their natural forms, the ghosts settled down to a pleasant hob-nobbing, with games and contests galore. Apples hung in doorways tempted the hungry and left his hunger but slightly assuaged. But coffee, poured by Mrs. Lehman and Mrs. Raymond, and doughnuts, pumpkin pie, and pimento cheese satisfied all. Marshmallows, too, were tossed over the coals of the library fire. In all, the evening was a very pleasant one.

Mrs. C. E. Smith had charge of the affair and had as her aids: Miss Helen Brown, Miss Staples, Miss Charlotte Laing, entertainment; Mrs. Forsyth and Miss Ona Woodburn, decoration; Mrs. C. P. Reid and Mrs. A. A. Rowland, refreshments.

At Hotel Sheffield

Miss Gracia Filson and Mr. and Mrs. William Ford and daughter Elizabeth motored to Grand Detour Sunday in Mr. Ford's car and dined at the Sheffield.

Sunday Evening Luncheon

Mr. and Mrs. Elmer West entertained at Sunday evening luncheon, Mr. and Mrs. John Tingle and Miss Alice Meppen.

At McWethy Home

Rev. and Mrs. George W. Stoddard and I. W. Lewis are guests for dinner at the home of Mr. and Mrs. George McWethy of the Kingdom to day.

P. E. O. Meeting

Chapter A. C. Illinois P. E. O. met in a pleasant afternoon meeting Monday with Mrs. Mark Keller. Mrs. Clinton Judd had the paper of the afternoon on her western trip and the two expositions, and illustrated by maps and the use of postal cards. The talk was most interesting enlightening. Letters from absent members were also read. At the close of the afternoon Mrs. Mark Keller served a dainty collation.

How To Make the Quickest, Simplest Cough Remedy

Much Better than the Ready-Made Kind and You Save \$2.
Fully Guaranteed

This home-made cough syrup is now used in more homes than any other cough remedy. Its promptness, ease and certainty in conquering distressing coughs, chest and throat colds, is really remarkable. You can actually feel it take hold. A day's use will usually overcome the ordinary cough—relieves even whooping cough quickly. Splendid, too, for bronchitis, spasmodic croup, bronchial asthma and winter coughs.

Get from any druggist 2½ ounces of Pinex (50 cents worth), pour it in a pint bottle and fill the bottle with plain granulated sugar syrup. This gives you—at a cost of only 54 cents—a full pint of better cough syrup than you could buy for \$2.50. Takes but a few minutes to prepare. Full directions with Pinex. Tastes good and never spoils.

You will be pleasantly surprised how quickly it loosens dry, hoarse or tight coughs, and heals the inflamed membranes in a painful cough. It also stops the formation of mucus in the throat and bronchial tubes, thus ending the persistent loose cough.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, rich in vitamin, which is so healing to the membranes.
To avoid disappointment, be sure and ask your druggist for "2½ ounces Pinex," and don't accept anything else.
A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

For the Winter

Mrs. A. H. Nichols returned last evening from Urbana where she visited her daughter, Miss Josephine, who is a student at the University.

With Mrs. Sterling

St. Agnes Guild will meet Friday afternoon at 2:30 with Mrs. Robert Sterling.

Motored to Rockford

The Misses Joy Stitzel and Pearl Johnson and Messrs. Gilbert Stephen itsch and Quincy Adams motored to Rockford by way of Rochelle Sunday.

Candy Sale

The Sinissippi Campfire Girls will hold a candy sale Saturday at Edwards' book store.

At Sunday Dinner

Mr. and Mrs. A. T. Nelson entertained at dinner Sunday: Mr. and Mrs. Lawrence Fane, Miss Ellen Myers, Maurice Rosbrook and Miss Olive Heimbaugh of Dixon; Berthe Zoeller and Robert Jacobs of Franklin Grove and Frank, August and Miss Anna Kohl of Sterling.

For Bridal Couple

Mr. and Mrs. William Palmer of Grand Detour entertained with a 7 o'clock dinner last evening for their niece, Mrs. Charles Rosbrook, a recent bride, and her husband, of Humboldt, S. D. The guests numbered about thirty and included Mr. and Mrs. Tryon Rosbrook, Miss Mary Rosbrook, Henry Mon and daughter, Mrs. Nettie, and her two sons, Mr. and Mrs. William Mon and son Harry, Mr. and Mrs. Charles Mon and baby, Mr. and Mrs. Lee Mon and Mrs. Mamma.

Miranda vines and cut flowers decorated the dining room where the vines draped the sides of the room and were also twined upon the table. A beautiful cut glass candelabra bearing red candles, which were lighted during the dinner, formed the centerpiece. A delicious three course dinner was served. Following the dinner about forty friends gathered and serenaded the bride and groom.

Stjerner Halloween Party

Miss Bertha Brass pleasantly entertained the Stjerner club at her home last night. Nearly the entire membership of the club was present. Following a short business session, during which two new members, Miss Nell Fuestman and Miss Gertrude Wold, were initiated, the evening was spent in a Halloween frolic. The house was effectively decorated in the customary Halloween features, with many a unique touch here and there. Hideous pumpkin-faced ghosts peeped out from odd corners and black cats gambled about. Witches, too, were there. Enjoyable refreshments were served in the course of the evening.

Attic Party

Mrs. Dave Boos, Miss Madden and Miss Pauth were hostesses at a very delightful evening given for the members of the Hoi Polloi club and their husband and friends at the home of Mrs. Boos. The revels were held in the attic which was decorated in jack-o-lanterns, black cats and witches. Throughout the house in odd corners and on the stairways stood pumpkin-faced ghosts grinning hideously. Dancing to victrola music and "500" formed the diversions of the evening. A ghost led the supper march to the various out of the way nooks in cellar, garret and other rooms where food awaited, a la cafeteria.

Go to Sterling

Mrs. Rowe's Sunday school class of the Methodist church will be entertained at the home of Mrs. Freeman Ankeny, in Sterling tomorrow at an all day meeting. A scramble dinner will be served. Those going on the interurban will take the 10:30 car.

At "500."

Miss Mazie Espy entertained a number of friends last evening at her home, 90 Crawford avenue. The evening was pleasantly spent in playing "500" with refreshments at the close. The guests were Misses Lucile Jones, Caroline Simonson, Ethel Gorham, Clara Vaile and Aileen Barry.

TIME TO CALL A HALT.

Wives are becoming more and more exacting all the while, and husbands have more and more to bear. Here is the story of a woman who is a born pessimist. Her name is Mikelson and she lives at LaCrosse, Wis. Evidently she can not see the bright side of everything and from her lugubrious viewpoint the ancient theory of a silver lining for every cloud is but a pipe dream.

According to telegraph reports to an exchange this Mrs. Mickelson was keenly peeved just because her husband entered her slumber boudoir, yanked her out of bed by the hair of her head, spun her around the room a few times and finally dumped her into a corner.

Subsequently Mrs. Mikelson was still further peeved because her husband, so she alleges, threatened to cut her throat from ear to ear and bury her mutilated body in the cellar.

At this subsequent attention from her loving husband, she was so intensely wrought up that she filed suit for divorce.

Now, let us analyze this case. Of course there are certain disadvantages about having one's throat cut, yet the man, according to the allegations, proposed to use a perfectly sharp razor which, as anyone can readily see, is much better than a dull bread knife.

Furthermore, there is some attraction, if one must be buried at all, about having the interment take place in a nice warm cellar, for cellars are much more conducive to comfort just now than a grave outside.

As to the complaint that she was yanked out of bed by the hair of her head, she has two reasons for being profoundly thankful. First, she should be grateful to her husband for providing her with a bed instead of a sanitary couch. Second, she should rejoice that she has hair enough to be yanked by it. Many a poor woman has to tango her way through life with purchased hair—hair that has already been yanked from the head of some other woman.

Therefore, pinnacled up in final analysis, it seems that wives are getting so they cannot be pleased, no matter how much their husbands may do for them.

BASEBALL IN PLACE OF BULLS.

Carranza's determination to encourage baseball in Mexico as a substitute for bull-fights and other demoralizing forms of sport is more than a delicate compliment to us. His consular agent at Los Angeles lays stress upon his chief's recognition of the evils attendant upon racing and gambling and his intention to put an end to them. This attitude toward a time honored Mexican institution will increase confidence in the de facto master of Mexico as more than a military chieftain and more than a shrewd politician. It aligns Carranza with the forces of respectability as opposed to the sort of following popularly associated with the name of his companion in arms, Pancho Villa. Not only the bandits but the bandit forms of recreation are to fall under his displeasure. Of itself, small as it may seem, this is one of the hopeful signs of a better spirit in the government at Mexico City, but its real significance will be regarded as lying in the indication it gives of Carranza's general position upon matters in which it might be thought that he would hesitate to move. He has no fear of remaining a revolutionary where revolution means order.—N. Y. Post.

Eight weeks to Christmas, or something like that. How time doth fly, saith we. And by gum it's time for father to be saving up his Christmas money if he is to meet the situation with calmness and serenity in his mind and his demeanor.

Have you done your Christmas shopping yet? Nor have we and so we will probably wait until about Friday, Dec. 24th, and then we'll go out looking for presents and take the shabby things that are left on the counters after the wise folks have picked out the best.

The shocking sacrifice of the lives of many little children in the Peabody, Mass., fire may have not been in vain if directors of other schools heed the terrible lesson and make other schools safe.

The editor of the Freeport Journal-Standard says that while we may miss German dyestuffs and some other imported things, thank Heaven, we raise our own buckwheat cakes and maple syrup.

"How do you make such delicious muffins? Mine are always so dry. And if I make them they fall." "I make them about as you do, only I use K C Baking Powder. Mine always turn out well, so it must be the baking powder."

It is the baking powder. To make muffins, cakes and pastry rich and moist, yet light and feathery, a modern double acting baking powder must be used—one that will give off leavening gas in the oven as well as in the mixing bowl.

KC BAKING POWDER

is really a blend of two baking powders, one of which starts to raise as soon as moisture is added. The other is inactive until heat is applied. This sustains the raise until your muffins, biscuits or cake is done.

K C Baking Powder costs less than the old fashioned quick acting kinds, yet you need use no more and it is superior to them in every way.

Try a can at our risk and be convinced.

CURRENT COMMENT

Quincy Herald: The Illinois lawyer prop also continues to be a bumper. There are 160 new ones to be harvested in Springfield this week.

Rockford Republic: The belligerent nations are already bothered about taxes. But wait until it is all over and that horrible financial reckoning is at hand, a reckoning that will still be a matter of governmental concern a century hence.

Cairo Herald: Every time we read of the sickening details and horrors of the European battlefields we are proud of our American citizenship. No one has as yet been able to give a satisfactory explanation for all the human slaughter that is taking place.

Peoria Star: The day when women will be allowed the universal use of the ballot is unquestionably near at hand, and political leaders may as well make up their minds to face the issue.

Sterling Standard: The prosperity of the country, seriously impaired by foolish Democratic legislation and want of definite policies, is the one subject to which voters now care to give attention.

FLEMING PREVENTED SERIOUS ACCIDENT

MOTORMAN'S PRESENCE OF MIND SAVED AUTO RACERS MONDAY.

Passengers from this city on a west bound interurban car Monday morning held their breath for a few seconds when two speeding automobiles and the interurban car approached the crossing west of Prairieville. But for the quick wit of Motorman Fleming in throwing off the power and applying the emergency brakes a serious accident would have occurred. The electric line parallels the highway for a short distance before crossing to the south side of the road. The two automobiles were also headed west and were racing, evidently not aware that the electric road crosses the highway, and Motorman Fleming was within a short distance of the crossing when he noticed the speeding autos coming and realized that unless he stopped all would reach the crossing at the same time. He threw off the "juice" and applied the emergency brakes so quickly that most of the passengers were thrown from their seats. The heavy interurban car just hit one auto enough to slide it away while the other got across in safety.

William Swisher of Freeport is here on a visit at the home of his cousin, Dr. W. J. Worsley and family on Galena avenue.

Charles Brewster and William Frieze motored to East Grove today on business.

Mrs. E. H. Brewster accompanied her friend, Miss Adessa Blacker of Philadelphia, as far as Clinton, on her western trip.

FUNSTON RUSHES TO FIRING LINE

(Continued from Page 2)

Five minutes later a score or more bullets flew by American soldiers. The Americans took cover in their trenches, taking the Mexican women and children with them.

When the Carranza garrison opened fire the Villa gunners returned shot for shot, aiming apparently at the southern salient of the Agua Prieta defenses.

One Villa shell burst in Agua Prieta within sixty yards of the United States custom house at 2:15.

Shells Demolish Homes.

The Villa shells began to burst in Agua Prieta shortly before 2 o'clock. A dozen houses on the west side of the town went to dust, and a number of persons were killed and wounded.

Refugees immediately began pouring over the American line.

General Calles moved a three-inch gun mounted on a flat car to a point on the west side of the town, within a few feet of the United States custom house. It was after this that the Villa shell struck in that vicinity.

Calles' hospitals in trench dugouts in the west side of town appeared busy. Stretches were seen moving through communicating trenches.

Villa Shell Finds Mark.

In the artillery fire which progressed during a lull in the rifle and machine gun attack one Villa shell demolished a bombproof of a Calles cannon from which the weapon had been moved.

The Family Honor.

At a banquet of the ministers of New York, Mr. Johnston of the Morrisania church told this story:

"One of the members of my church has instilled into his family the belief that the collection is a vitally important part of the service.

"Consequently his little boy Thomas never comes to church without his contribution.

"One Sunday, as the elders began to take up the collection at the morning service, Thomas looked along the pew to see if the various members of the family were provided with a contribution.

"Noticing a guest of his sister's empty-handed, he whispered:

"Where's your money?"

"I have none," was the reply.

"The time was short and the necessity great. In a flash the little fellow met the emergency by saying:

"Here—take mine. That'll pay for you and I'll get under the seat."

"And, flinging his own coin into her lap, he disappeared under the pew, where he remained until the elder had gone by—and the reputation of the family was saved."

OH, FAR MORE.

Mr. Busby, rich but recently—And when I was in Switzerland, I saw Lake Geneva and Lake Lemman."

Mr. Wise—"But are not those names synonymous?"

Mr. B.—"Why—er—yes, of course. But are you aware, my dear sir, that Lake Geneva is by far the more synonymous of the two?"

BUSINESS BOOM
IS COUNTRYWIDE

Agents of Reserve Banks Report U. S. Is Humming.

NOT ALL WAR ORDERS, EITHER

Iron and Steel Industry Is Unprecedented—Labor in Good Demand, and Employment Assured Throughout Winter—Gen. Pessimism Is Routed Everywhere.

Washington, Nov. 2.—A swelling tide of prosperity is sweeping over the country, in the opinion of the reserve agents for the twelve federal reserve banks. This highly optimistic viewpoint was expressed in the report on business conditions received by the federal reserve board from the agents and made public here.

Not All War Business Either. Business in the past month has shown a buoyancy sufficient to overcome the dark "spots" which had been commented on in early reports, with the result that all sections abound in confidence. Perhaps the most encouraging feature of the reports is the note taken in many of them of the recent invigoration of domestic business as differentiated from that affected by war orders which many persons have until now regarded as the uncertain foundation of the apparent prosperity which had come upon the country.

The Boston district reported a considerable improvement in commercial activities throughout the district, announcing that the reports coming from the different lines of trade are not only cheerful but decidedly optimistic for the future. While it is difficult to differentiate between the normal seasonal demand and the unusual demand for European deliveries or between the direct and the indirect stimulus those orders have given to general business, still the domestic demand is daily becoming more and more a factor.

The woolen mills are busy and the worsted mills are doing a fair amount of business. The boot and shoe industry shows a marked improvement over the previous month. The bond houses are reporting a good demand for the higher grade of railroad bonds; in fact the demand is exceeding the supply thus creating higher prices.

Here is an excerpt from the report of the New York reserve agent: "During September, industrial activity increased, wholesale and retail trade expanded, and collections improved. Reports almost uniformly good have been received from many sections of this district. A correspondent summarizes the general crop situation of New York as slightly below normal with prices in general above."

Pessimism No Longer.

Philadelphia agent who has been making pessimistic reports says: "Improved conditions are reported from nearly all parts of the district. A hopeful sign is the report of increased sales by department stores, retail clothing, dry goods, grocery and other concerns dealing directly with the consumer. Labor is well employed and from the point of view of the laboring man, conditions look good for the fall and winter. The textile industry, one of the most important in this district which a few months ago was most depressing now shows substantial recoveries. Railroad shops are now operating on almost full time, being in a better condition than in any period since 1913. Substantial increases in the number of loaded freight cars being moved is reported. Coal mining operation is beginning to improve, paper mills are busy and glass industries are reported to be in fair condition."

Steel Trade Unprecedented. "Unprecedented conditions in the steel trade continue to be the big factor in influencing all businesses throughout this district," reports the agent at Cleveland. He continues: "One change over last month's report is that much of the demand in steel trade now is domestic which has made contracting even into next year quite active. Shoe manufacturers, shoe jobbers, wholesale carpet and dry goods dealers, jobbers in millinery, etc., report good business, in some cases as much as 25 to 30 per cent increase."

Gaining Strength in Chicago.

The outlook in the Chicago district is summarized thus: "Affairs are seemingly gradually gaining in strength from day to day, trade is giving some evidence of being on the increase and a notable spirit of returning and increasing activity appears to be abroad."

Business conditions in the St. Louis district show continued improvement according to the reserve agent for the Eighth district.

Hills Repudiates Pact.

New York, Nov. 2.—The Rev. Newell Dwight Hillis, pastor of Plymouth church, whose financial affairs put him in the limelight, has withdrawn from the agreement he entered into on Saturday to arbitrate his differences with Frank L. Ferguson, his former business representative.

ARE YOUR
KIDNEYS WELL

MANY DIXON PEOPLE KNOW IMPORTANCE OF HEALTHY KIDNEYS.

The kidneys filter the blood. They work day and night. Well kidneys remove impurities. Weak kidneys allow impurities to multiply. No kidney ill should be neglected. There is possible danger in delay. If you have backache or urinary troubles,

If you are nervous, dizzy or worn out, Begin treating your kidneys at once; Use a proven kidney remedy. None endorsed like Doan's Kidney Pills.

Recommended by thousands. Proved by Dixon testimony. W. Walford, blacksmith, Peoria avenue, Dixon, says: "I used to have quite a lot of trouble with my back and kidneys. The kidney secretions were irregular in passage. My back ached, too. I used several boxes of Doan's Kidney Pills and the pains left my back and my kidneys became regular in action." (Statement given May 21st, 1912.)

NO TROUBLE SINCE. On January 21st 1915, Mr. Walford said: "I have had no kidney trouble at all for the past few years and I give the credit of my cure to Doan's Kidney Pills."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Walford had. Foster-Milburn Co., Props., Buffalo, N. Y.

RUSS LAND ARMY ON BULGAR SOIL

Germans Capture Serbs' Chief Supply of Munitions.

KROGUYEVATZ ARSENAL TAKEN

Bulgarians Begin Attack on Nish—French Troops Repulse Attack in Vardar—Bulgarians Are Caught in French Cross Fire and Driven into River—Many Drown.

London, Nov. 2.—A Bucharest dispatch to the Times says it is reported in official naval quarters that the Russians have forced a landing at Varna on the Black Sea coast of Bulgaria.

Varna is the chief Bulgarian port on the Black Sea, lying about 200 miles overland from Constantinople. The Russian landing probably will relieve the Bulgarian pressure against Serbia, but as it is a long distance from the Serbian front no immediate developments are believed likely.

Heavy Blow Dealt Serbs.

The heaviest blow dealt to the Serbs since the beginning of the Teutonic and Bulgarian invasion was suffered in the loss of the great arsenal town of Kraguyevatz, the source of practically all arms and munitions manufactured in Serbia.

Jointly with this announcement made from Berlin, came the news that the Bulgarian troops advancing upon Nish had opened fire upon the outer defenses of the city. Civilians have been in flight from Nish for several days, and one of the fiercest battles of the Serbian campaign is expected at this point.

French Repulse Bulgars.

Repulse of the Bulgarians who attacked the heights around Krivolak, on the left bank of the Vardar River, occupied by the French, is officially announced in Paris. The statement adds that no event of importance occurred on the Rabova-Dedeli front nor in the Strumitza theater where the French expeditionary forces have been uniformly successful since they started activities.

The German capture of the Kraguyevatz arsenal, however, is the most important event of the day. Kraguyevatz is fifty-nine miles below Belgrade. It is connected by a branch line with the Belgrade-Nish railroad. Its population in 1901 was 15,500.

Russ Bombard Varna.

A Bucharest dispatch says a Russian transport fleet was sighted off Balik. Destroyers escorted the flotilla. Approaching the Bulgarian port of Varna, the transports dropped behind and the warships began bombarding the port. Balik is on the Roumanian Black Sea coast, a few miles from the Bulgarian frontier. Varna is twenty miles to the southward.

Reports from Constantinople state that the first division of Turkish reserves, which has been operating at the Dardanelles, has been sent to Thrace.

French and Bulgarian troops are engaged in a great battle in the Strumitza and Krivolak regions. A Saloniki dispatch says Bulgarian infantry, supported by two batteries, made an attack on the French advance post covering Krivolak on the left bank of the Vardar. After sharp fighting the Bulgarians retired, having sustained heavy losses.

Bulgar Forces Trapped.

A few French advance posts scouting in the direction of Veles retired before a Bulgarian attack to their base at Krivolak, where a division of French troops were strongly entrenched. The Bulgars then attacked this position three times. The Bulgarians were caught in a crossfire of the French artillery and stopped when they were met by a fusillade from the infantry.

Finally the French charged with the bayonet and the Bulgarians were driven into the Vardar River, which is swollen by recent rains, and many were drowned.

It is asserted that Kotehanic Pass has been reconquered by the French and that the Veles district has been freed of the Bulgarians, although the town and railroad still remain in Bulgarian hands.

Turks Claim French Submarine Sunk.

Berlin, Nov. 2.—The French submarine Turquoise has been sunk by Turkish artillery fire, according to an official statement issued by the Turkish war office under date of October 31 as given out by the Overseas News Agency. Her entire crew, comprising two officers and twenty-four men, were made prisoners.

Dr. Dyson Indictment Nulled.
Springfield, Ill., Nov. 2.—State's Attorney Burke nulled the indictment against Dr. O. E. Dyson. The indictment was returned on Saturday by the Sangamon county grand jury.

Russians Checked at Stripa Crossing.
Berlin, Nov. 2.—A Russian attempt to cross the Stripa River was "hindered" by the Austrians, according to a Vienna report.
